

**Corrigendum and Pre Bid queries response for RFP Reference for 12/NTB/STATIONERY/2022-23/001, Empanelment of security printers for printing & supplying of security stationery items as per CTS-2010 standard of RBI/IBA with printer's MICR CTS paper from IBA approved security printing & rate contract for security items published on 21.11.2022**

Sr. No.	Page No./Section No.	Clause No.	Reference/Subject	Clarification Sought	Response By Bank
1	16	II	MICR SECURITY PAPER (95 GSM) with water mark logo and CTS – INDIA will be provided to the printer in REEL form. MICR security paper cost will be borne by bank itself.	our understanding is bank will provide MICR paper with required wastage percentage of 12%	MICR SECURITY PAPER (95 GSM) with water mark logo and CTS –INDIA. MICR security paper cost will be borne by printer.
2	16	II	Bank Logo water mark	our understanding is that if we need use printer paper(press paper) , then we need to use CTS India-2010 Water Mark paper (without dandy paper)	Security paper having CTS India water mark along with mandatory features prescribed by RBI & NPCI. Bank logo water mark is not required to be printed, only CTS 2010 standard are required to be complied.
3	8	8	Printer should have operationalized his IBA certified printing unit for carrying out printing of PCBs in at least two different locations. One of the printing units preferable should be in North India.	Vendor request for retain this clause since having two locations will act as BCP for the bank. In case of any exigencies the orders can be processed from second location which will help the bank to avoid and disruption in services.	Bank will consider that the one location of printing unit should be in North India.

4	8	8	Printer should have operationalized his IBA certified printing unit for carrying out printing of PCBs in at least two different locations. One of the printing units preferable should be in North India.	In this connection One vendor request to kindly relax this condition resulting we can participate for the same.	Bank will consider the one location of printing unit should be in North India.
